Policy for Simulation Clinical Class Attendance

The Kentucky Cabinet for Health and Family Services, Department for Medicaid Services Nurse Aide Training and Competency Evaluation Program requires a minimum of seventy-five (75) hours of training, which shall include sixteen (16) hours of supervised clinical/practical training.

RightChoice Healthcare Training Institute provides the clinical/practical training in a simulation clinical setting at 2301 Hurstbourne Village Drive, Louisville, KY 40299.

Upon completion of all online coursework, including a minimum of fifty-nine (59) hours of coursework/study, students are scheduled and required to attend clinical classes for practical training and proficiency check-off. Students must attend the required clinical session within twelve (12) months of initial enrollment.

1. Students are offered the first available clinical session after completion of coursework.
2. Students **MUST** attend all scheduled hours of clinical class.
3. Students who are absent from any portion of the scheduled clinical session, must reschedule and attend **ALL** scheduled days, even if the student previously attended any portion of the clinical session (i.e., students would have to repeat any previously attended hours/classes.)
4. Rescheduling is done at the discretion of and with the approval of the Executive Director, Administrator, and/or Clinical Instructor(s).
5. A fee of \$50 will be charged for rescheduling a clinical session and is offered based on class availability.
